

FRUIT SLABS

FRUIT SLĀBS™

Fruit Slabs are all natural fruit strips, infused with high quality cannabis extracts, committed to wellness. Fruit Slabs are a healthy and wholesome way to consume cannabinoids. They maintain the purity, potency and consistent dosage levels of Fruit Slabs by having their products laboratory tested. Fruit Slabs are available in four flavors (OG Mango, Tropical Haze, Grape Ape and Mango Mowie Wowie) in resealable pouches containing ten pieces of Fruit Slabs, created with organic ingredients and infused with 10mg THC per serving, with a total of 100mg in the whole pouch. Fruit Slabs recently created the Passion Pride single serving in collaboration with LGTBQ influencer La Ganja Estranja! If you missed out on this collaboration, be sure to watch for the next new flavor to be released in Fall 2020.
